Conversation: Copart - Neeham Rd, N. Las Vegas

Simon,

#3422 Neeham Rd. is already listed on your property policy with only \$1,000,000 for Building value. Please confirm the amount of computer value to add there, it is not clear in your message below.

We will advise Liberty of the additional vacant parcels #3402 and #3412, with total acreage of 1.18.

Please confirm today as I will be out of the office for the next two weeks.

Thanks,
Patrice

Subject

Patrice, I know I need to go through the list of locations, however I want to make sure our disaster recovery site in Las Vegas is included. We have approximately \$million in computer equipment there. The attached is a contingent parcel we purchased in case we need to expand.

Thanks,
Simon
